

Drag them out by their hair: Don't bring guns to DC. Bring wood, nails, hammers and rope.

Strip them naked first so the tar sticks to their skin. Then make them do the chicken dance for us on Tik Tok. Make them think if they dance for us good enough we might spare their lives. Make them cluck and peck and flap their wings and really give us a good show. Make them think their performance might have even changed our mind about them - let them feel that moment of victory - and then... Minecraft.

I remember bill gates getting pied in the face... maybe Nance P needs her hair done with some feathering. How these people roam freely, wait..... COVID.... ughhh, makes sense now. Those fear their people lock them down.

Are we savages? We should use some organic vegan friendly material instead.

Manure for example. Fresh, organic, 100% natural manure...

4 I think you're right. They know it's your right to bear arms, but they'll as usual find an excuse to make it seem like it's going to turn into a violent riot and then start arresting peeps.

Though thinking about it, that actually might be good for us.

2 It is time for the American people to properly assess the threat the US government poses to its populace. I am certain there are many scenarios where the people lose completely if everything goes to plan and protocols are followed by the government. My hope is that white hats within the web will amplify our efforts as it goes hot and that a fitting constitutional core is left behind that can maintain the structure that is needed so we aren't immediately pillaged by China.

-2 ,If someone makes vague statements about how "We need to make them all pay!" or "We need to end this now. Do it!" ask them to clarify what they mean.

Nine times out of ten they'll never respond or just respond with insults / more "We need to show 'em who'se boss!", like here: <https://thedonald.win/p/11R4q3k3tK/x/c/4DruJw2BgHd>

Other fine glow posts include....

Jump the gun, storm DC now! <https://thedonald.win/p/11R4gczYrQ/we-the-people-should-cross-the-r/c/>

Jump the gun, use the 4th box now, guize! <https://thedonald.win/p/11R4IJenai/x/c/4Dru0Zqitr3?d=5^>

"... threatening with gins is the only way" <https://thedonald.win/p/11R4pufiwX/x/c/4Dru0sdgs88?d=5^> 

"... no longer do we play nice. Let's fucking do this."

<https://thedonald.win/p/11QIYZWxN/x/c/4Dqci4VRwNa?d=50> 

Notice none of these fedposters want to clarify what they mean, just "Yeah, some millipedes should totally

****Edit 2:** Hi, AetherSurreal2. Nice posting history of telling people they should go shoot people and "Go to war", stuff like that.

0 Hi, glowie. I'm guessing you're a low man on the totem pole and instead of getting Thursday (which is a federal holiday this year) off you're going to be stuck at work trying to

Do they at least let you fedpost from the ground floor or do they make you sit in the basement while you tell people here they should "go to war", fight, shoot, etc?

"We should all revel in violence! Go, my fellow milipedes, be violent!"

You're exactly the kind of glowie I was talking about, the federales

Go ahead, tell us what you mean by any of those comments about wanting and encouraging people to hot war. Tell is how you're advocating shooting specific people pr types of people.

You won't because it would end up in some defense attorney's hands, you glowie POS.

▼ Oh dude, I have said that for years. To lower the federal deficit, we will make the executions of all the traitors to our nation a Pay Per View event and then to raise even more money there will be a \$100 per ticket lottery where the winners of the lottery get to pull the lever on the gallows or guillotine.

▼ If shit pops off in D.C., all the West Coast patriots should consider marching out to Beverly Hills with gasoline and matches. Lots of mansions out there that could go up pretty quickly. Lots of millionaires out there without private security. Imagine being the one who gets to put a bullet in the face of your favorite celebrity pedophile.
